U. S. TROOPS RUSHED TO BORDER

MASSING GREATEST FIGHTING
FORCE EVER KNOWN IN THIS
COUNTRY IN TIME OF
PEACE.

Washington, March 7.—Without a moment's notice and without a vestige of publicity, the war department between dusk last night and daylight this morning ordered the mobilizing of about 20,000 regular troops at San Antonio and Galveston, 2,100 marines at either Galveston or Guantanamo and four armored cruisers—the Tennessee (flagship), Rear Admiral Staunton and Capt. Harry S. Knapp, commanding; the Montana, Capt. John G. Guimby; the North Carolina, Capt. Clifford J. Boush; the Washington, Capt. Rinehard M. Hughes—at Galveston.

An Independent Cavalry Brigade.

In addition to this full brigade there has been ordered to San Antonio an independent cavalry brigade consisting of two regiments of cavalry. The brigade at San Antonio will be under the command of Brig. Gen. M. P. Maus, A. F. Smith and Ralph W. Hoyt.

At Los Angeles, Cal.: Indefinite

force yet to be designated, under Brig. Gen. Trasker T. Bliss.

One-Fourth of Strength of Regular Army.

All of these troops will constitute a provisional division of the army under the command of Major Gen. William H. Carter, a member of the general staff. This mobilization will comprise one-fourth of the regular army.

This entire action was planned and ordered during an almost all-night session of the general staff and Washington this morning was thunderstruck at the announcement.

The general staff and the cabinet explained this mobilization as a sudden army maneuver, designed, first to show the critics of the army that practically one-fourth of the standing army can be mobilized for action upon notice issued over night and that the mobilization will probably be followed by a war game in the shape of a sham attack by land and water upon Galveston.

High Officer Says.

A high army officer who has been located at San Antonio and on the Rio Grande, in discussing the meaning of the mobilization, left the distinct impression on his interviewers that the troops are intended to be held in readiness for service in Mexico any moment that it is found necessary to protect American or other foreign interests in Mexico.

Military men and diplomats believe that the situation is nearing a

crisis in that it will take but the rise of a leader to crystallize the slumbering discontent into an effective revolution. These authorities on the Mexican situation believe that man is Gen. Bernardo Reyes.

"This much is certain," said this authority, "the mobilization of the army and part of the navy is more than merely a spring maneuver. If conditions warrant the force will be used to enforce National obligations."

MAY GO BEYOND CITY LIMITS FOR WATER

Oklahoma City, Ok., March 7.—Gov. Cruce today approved the resolution by Senator Wynne memorializing the federal Government to apportion to the states and Territories \$1 per head for population as shown by the census in support of elementary and secondary schools; also the Roddie bill permitting cities to go beyond their limits as far as they like for water supplies; also the joint bill by Senator Wynne and others creating a State Board of Education.

FIRST FLIGHT IN A BALLOON

Monument Marks the Spot Where the Daring Aeronaut Landed

London, March 8.—In the straggling little hamlet of Standon Green End, situated near the main road from London to Cambridge, stands a remarkable monument known as the Balloon Stone, to which is attached a bronze plate bearing an inscription chronicling the first balloon ascent. A tremendous sensation was caused by Lunard's flight, all London turning out to witness his departure toward the heavens. His companions were a dog, a cat and a pigeon. Upon nearing the earth at a spot near where the Balloon Stone stands, five laborers, swearing they would have nothing to do with the "devil's horse," took to flight, declining to take hold of the mooring ropes. It is possible that but for the plucky conduct of a servant girl from an adjoining farmhouse, who seized the rope, and summoned assistance, the pioneer balloonist might have been unsuccessful in affecting a safe landing.

Getting into the habit of reading ads, and of making purchases in the light of such reading on the information and on the impression so gained—is hard for some folks. But getting "out" of such a habit, once formed, would be unthinkable to them!

HE SEES BRIGHT FUTURE FOR ADA

H. R. SNYDER HAS GREAT CONFIDENCE IN FUTURE OF ADA AND PONTOTOC COUNTY.

Petersburg, Ind., March 6.
Editor Ada News, Ada, Okla.:

After having paid your little city a two weeks visit in February, just before boarding the Frisco train for home your president, Mr. Otis B. Weaver, asked my further opinion of the future growth of Ada and Pontotoc county.

Replying to his request will say the more I see of Ada and Pontotoc county the more confidence I have in your city and county's future growth and prosperity. While there I made a drive out over your county but didn't get to see enough to satisfy my desire, but did observe you have plenty of room for thousands more good farmers. You have many thousands of acres of land now idle that if put under cultivation would pay a handsome revenue. I found there were many tracts of choice agricultural lands that could be bought very cheap, and to my mind it means it won't be long until they are all picked up and more intensive farming and larger crops will follow and that the assets of the farmers in Pontotoc county will practically double in five years from today, for I believe you have the most desirable lands I know any where in the Southwest for diversified crops. And I base my argument largely on the character of soil together with the fact that during my stay all the information I could gather I never heard a single complaint about crop failures in your county, notwithstanding the fact a drought prevailed largely all over the southwest last year. With the influx of population and outside capital that is constantly pouring into your county, helping you develop your many resources, your developments in the future, to my mind, will be far greater than they have been in the same length of time, or within the past five years which has been phenomenal as I have watched your growth closely for that length of time.

Right now one can hardly make a drive over any public road leading out from your city into the surrounding country, without meeting loads of building material and passing new homes that are under course of construction.

Your little city, too, is a wonder to me although I have visited it a number of times. No matter what month in the year one may come to Ada, they will find an increase in building activity and it is safe for one to predict the commercial importance of your town far in advance of what it is today before it checks. There are but few towns the age of Ada that can boast of having the good business houses, homes, churches, streets and sidewalks, and among other things educational advantages where those in attendance at school can take a complete educational course without leaving home as is the case at Ada.

Then again you are blessed with manufactures to support those who desire employment in that line.

And another important item which means health and wealth to your town is the fact that your city is soon to install a new water works plant. That will be a blessing and would be a credit to a city of 20,000 people.

Your water supply coming as it does from a fountain of ice cold crystal pure soft water that belches forth from the bowels of the earth far up on the hill side, and will be carried to your city through a big steel pipe line laid under ground, and will flow so rapidly that when it reaches the consumer it will have retained that same degree of coolness that it has at the sparkling spring. It will certainly be a treat when you say to your visiting friends from other towns, "have a glass of our pure ice water from our bubbling fountain." They will have to take off their hats and bow gracefully, acknowledging that Ada has the best and purest water of any city in Oklahoma.

Your city and county certainly have a bright future and any one who is a knocker can't see opportunities and only knocks on the ground

Court Decides County Seat Case.
Oklahoma City, Ok., March 7.—Two important opinions were delivered by

the Supreme court, one holding that Mountain Park was the legal county seat of the recently created county of Swanson, and the other sustaining validity of the legislative act establishing a county superior court at Clinton, Carter county.

The county seat opinion was by Justice Kane, upon an application for writ of mandamus, seeking to determine whether the designation of Mountain Park by former Gov. Haskell, or the designation of Snyder by the commissioners of Swanson was legal.

Interurban Plans in Progress.

Shawnee, Ok., March 4.—Tentative plans for building an interurban line to be known as the Rapid Transit Interurban Company, from Tecumseh, this county, to Sulphur, Murray county, fifty-eight miles south, is assured. It will connect with the Shawnee and Tecumseh Interurban at Tecumseh.

The preliminary survey has been completed and the route in addition to passing through three large towns will extend through some of the finest farming country in the state.

Work is to be commenced within a short time. The road is to be financed by Eastern capital.

The men who waited for property
in Ada to go down a few notches be-

fore investing have by this time seen
their error and many of them are
wishing they had bought in a few
choice bargains years ago. However,
they have the consolation that it is
not entirely too late yet. The era of
growth and prosperity is just begin-
ning.

The action of the Texas senate in
voting down a resolution endorsing
the action of Senator Culberson in
blocking the plan to steal \$25,000
from the public treasury to pay Sen-
ator Lorimer for the expense he had
been put to in defending himself in
the recent fight, is about the biggest
blunder the followers of Joe Bailey
ever made. Culberson performed a
signal service for the entire nation
and deserves the commendation of all
right thinking people, but because
Bailey had championed the cause of
the besmirched senator from Illinois
his followers virtually condemned
Culberson for insisting on common
honesty. It means a new turn in the
long drawn out Bailey fight and many
accessions to the ranks of Bailey's
enemies.

THE GIRL FROM HOME MAKES HIT

Last evening at the City Hall Opera
House R. C. Kingston presented Miss
Mary Carew in the beautiful Southern
drama, "The Girl from Home."

A capacity house greeted the play-
ers, to see and hear this novel-
through thrillingly interesting story
of a Kentucky man and woman.

Jim Peyton, the devoted husband,
a genial good friend, has an insat-
iate mania for the race track. Sue
Peyton, his wife, has a like desire
for rich and extravagant dress. Hus-
band and wife both parting freely
with their money, the home is finally
mortgaged to pay entrance fees for
Peyton's horses at the Derby. At this
juncture Richard Stone, a pretended
friend of Peyton's, steps in and makes
love to Mrs. Peyton and leads her
away from home and husband and
child by promising the jewelry, dress
and finery that he knew too well
would appeal to her vanity.

Peyton's horses win, he is on his
feet again, and goes in search of his
wife, finding her with Stone. A duel
ensues in which Peyton leaves Stone
for dead. Stone revives, stabs Peyton
in the back, and lastly shoots to
death Mrs. Peyton, who would return
to her husband.

A story with an unhappy ending
but teaches that "Pride goeth before
destruction."

As told by the actors last night, it
was replete with humor, pathos and
tense dramatic scenes, which held
the attention of the audience and
made everybody feel they had been
well paid for attending.

MAXWELL HAPPENINGS

The farmers are rejoicing over the
recent rains and are very busy with
their spring work.

Prof. Pierce visited our school not
long ago and made a splendid talk
to the children.

Mrs. Rogers has been ill for several
days.

Lee McEntyre was transacting busi-
ness in Ada Saturday.

Dr. Rogers was a business visitor
to Stratford Saturday.

The interest in the Sunday school
is increasing every Sunday.

The attendance at school has been
very good the last two months.

Mr. Mathis is ill at present writ-
ing.

Everyone is invited to attend the
box supper here Saturday night, on
March 11. The proceeds will go to
buy an organ for the Sunday school.

Mr. and Mrs. R. G. Holiday of Sum-
mers' Chapel were the guests of Mr.
and Mrs. Alfred Summers Sunday.

Mr. W. H. Robinson and daughter,
of Worstal, were visiting here Sun-
day evening.

The pupils at the school house or-
ganized an agricultural club with the
following officers: Slade Norman,
President; Clyde Hooper, Vice Pres-
ident and Susie Isaacs, Secretary.

Quite a crowd attended the singing
here Sunday evening. The Worstal
and Summers Chapel classes were
represented, and every one seemed to
enjoy the occasion.

UNION VALLEY.

A Junior Agricultural Club with
25 members was organized here Wed-
nesday night. Our boys and girls
hope to get some of the prizes of-
fered by the state. The officers are
Willie Weaver, Secretary and E. A.
Dunham, Manager.

The literary society was well at-
tended last week. The next meeting
will be held Wednesday night, Mch.
15. Two features of the program are
a debate on woman suffrage, and the
reading of "The Tven," the society
newspaper. This paper roasts some,
and scorches others, but very good-
naturedly.

CAPITAL SUBSTITUTE ADOPTED BY HOUSE

LEGISLATURE TO ADJOURN ON
MARCH 11—SHAWNEE MAY
GET CAPITAL.

Oklahoma City, Ok., March 7.—By
a vote concurrent resolution passed
tonight the legislature fixed 3 p. m.
Saturday, March 11, as the time for
sine die adjournment.

If the senate takes the same view
of the capital situation as did the
house of representatives today the
seat of Government will be moved to
Shawnee.

As per agreement of last night the
Peters bill fixing the capital at Paw-
huska and appropriating \$3,000,000
for a statehouse came up in the
house this morning and Mr. Barrett,
Mr. Maxey, Mr. Carson and Mr. Nes-
bitt, the Pottawatomie county dele-
gation, secured adoption of an amend-
ment substituting Shawnee and \$1-
000,000 for the appropriation.

Vote Was Viva Voce.

The vote was viva voce with only
the Oklahoma County Representative
opposing. It is the plan tonight to
call the bill up for final passage to-
morrow and put it through on roll
call. With it will go a concurrent
resolution offered by the Pottawato-
mie county members rescinding the
contract made with Oklahoma City
during the special session providing
for a free capital building.

The resolution as offered today re-
cites that Oklahoma City has utterly
failed to carry out its agreement
made as an inducement that the cap-
ital be brought here from Guthrie
and that the departments are scatter-
ed over town and paying exorbitant
rents, which will be exacted from the
taxpayers for years to come.

It carries a proposition from Shaw-
nee to furnish rent for state depart-
ments in that city for \$1 per year
and pledges a free capital site and
\$1,000,000 in money for a statehouse.
The governor and state board of af-
fairs is authorized to advertise for
bids and let the contract for erect-
ing a building there.

Conference on Prohibition Law.

Both houses agreed to the second
conference committee report on the
amendment prohibition law, the fea-
ture being the so-called removal sec-
tion, which in fact gives the govern-
or no power to remove or suspend
county officers who refuse to enforce
the prohibition law. It does, however
give him authority to employ special
state enforcement officers, whom
he may send into the counties for the
purpose of having the law enforced.
Such officers will have the same pow-
er as sheriffs, and will be paid \$5 per
day and expenses by the state. The
law repeals the state and local dis-
pensary systems and provides for the
destruction of liquor when seized.
The limit for the home was cut to
one gallon of whiskey and one cask
of beer, and for the office or place
of business to one quart of liquor,
but it must be for the personal use
of the possessor. Penalties are left the
same as the house bill provides. In
the house the vote was 91 to 4,
while in the senate it was 35 to 6.

District Attorney Bill Dies.

The bill proposing to create the
offices of district attorneys died in
the senate by adoption of the major-
ity committee report, which was un-
favorable to its passage, while the
county assessors bill completed the
senate's circuit by the skin of its
teeth. The vote was 23 to 18, the
former vote being the constitutional
majority. Township assessors hold
until January, 1912, when they are
to be displaced by County Assessors,
to be named by the governor. Com-
pensation was left on a valuation
basis, and an amendment by Senator
Brownlee was adopted permitting ap-
peals from the county board of equal-
ization to the superior or district
courts, and from there to the su-
preme court upon any assessment
made. Heretofore an appeal was only
permitted to the county court.

Brief consideration was given the
deficiency appropriation bill, and
among its items allowed was \$120.80
for court costs in suits filed by C.
N. Haskell against Territorial Treas-
urer Rambo and the State Capital
Publishing Company at Guthrie which
suits were dismissed by the ex-Gov-
ernor's orders. In the discussion, Sen-
ators stated they believed the suits
had been filed for political effect, but
the costs will be paid.

The minor's lease bill, which pass-
ed the house, came into the senate
with a majority unfavorable report.
The minority report proposed an
amendment eliminating the provision
that leases may be made or sold to
the highest bidder at private or
public sale, under the direction of
the county court, and substituted that
when the lease proposes to go be-
yond the majority of the ward it shall
only be awarded in public. The house
bill provides that under emergency

If You Will Tell The Public But Half Of The Really Interesting Things About Your Store

For One Year, Your Sales Will Be Doubled!

THIS ASSUMES a few facts—that you conduct a
really good store, in every way WORTHY of public
support; and that whoever writes your ads knows how to
make them interesting to people; and that you will see
that these interesting ads really REACH THE PEOPLE
through your use of adequate newspaper space ALL OF

If you can measure up to these assumed facts and
requirements, then it is quite possible for you, within a
year, to double the volume of your sales and the number
of your customers.

Isn't it an undertaking that appeals to every

conditions leases may be made for a
period of ten years beyond the ma-
jority of the ward.

School Bill Killed in Senate.
The senate killed the bill by Mr.
Broome and Mr. Williams of Com-
anche proposing that there might be
levied an extra one-quarter mill tax
in favor of the common schools, as
under the adjournment resolution the
bill could not be legal.

The house agreed to the Senate's
amendment to the bill creating six
supreme court commissioners, and as
soon as it is enrolled it will be taken
to the executive office.

Election Law Considered.
For about fifteen minutes the
house had under consideration the
amendments to the general election
law prepared by the state election
board.

Mr. Barrett offered an amendment
to have the county election board ap-
pointed by the county commissioners
in place of by the state election
board. He made a speech in which
he characterized the present law as
permitting the appointment of a gi-
gantic machine with the people hold-
ing to string to undo it. He said the
democratic party was condoning an
infamy as long as it permitted the
system to stand, and unless some-
thing was done it would whittle
town the democratic majority.

Just About Staple Dry Goods

We think the condition existing on staple dry goods is certainly very fortunate for we who live in cotton growing countries. We are very proud to announce that for this spring anyway we will sell you most of the staples at the extremely low prices that have prevailed in our store for the past twelve months. We do not sell you one staple at less than cost and make it back on some article you are not posted on; but let each article bear its part of the expense. So any article you purchase at this store is sold guaranteeing it is worth the money paid for same. We count our customers our most valuable assets, because we know that we are going to satisfy them and keep them satisfied. We want your business, and if you are not already one of our many satisfied customers, we want you to give us a chance to make you one.

To the People of Ada:

If you are interested in fine shade and ornamental trees (the Catalpa Bungei in particular) I want to see you. I have been in Oklahoma for 19 years and am now on my 33rd delivery of nursery stock, and my advice to the fruit-grower is worth as much to you as any man in the state. I am the sales manager for the celebrated Mount Hope Nurseries of Lawrence, Kan., established there in 1886. Our people have put the best and cleanest stock ever put out in Oklahoma. I came to your town with the best references of any man that has come here to do business with you. If you are in the market for 6 to 10,000 trees see me or drop me a card and I will call and talk the matter over with you. We carry a full line of everything grown in our 250 acre tract. The capacity of our packing house is 1,500,000 trees. Respectfully yours, H. S. BRADLEY, Ada, Okla.

INTERIOR SEC'Y BALLINGER RESIGNS

TAFT APPOINTS W. L. FISHER OF
CHICAGO AS SUCCESSOR.—CON-
SIDERS HIMSELF REAL
OBJECT OF ATTACKS

Washington, March 7.—The resignation of Richard Ballinger of Seattle as Secretary of the Interior today was accepted by President Taft and Walter L. Fisher of Chicago was appointed as his successor.

Faith in Secretary's Integrity

In giving his consent to the Secretary's retirement, Mr. Taft emphasizes his faith in the integrity, the motives and the official standards of Mr. Ballinger and his indignation at the methods of those who assailed him, saying that he has been "the subject of one of the most unscrupulous conspiracies for the defamation of character that history can show."

Will Prosecute Defamers.

The Secretary late today, in a written statement given out at the Interior Department, expressed the intention to return forthwith to Seattle, and, after a rest, resume the practice of law. He says that his defense has cost him not less than \$25,000, and that he is now a poor man. At the same time he declares it his purpose "to prosecute the arch conspirators who have been following me with the assassin's knife."

Fisher Appointed

Walter Lowrie Fisher, Mr. Ballinger's successor, who will assume office as Secretary of the Interior within a few days, is a Republican, and it was said at the White House today that Senator Cullom, senior Senator from Illinois, was consulted in regard to his appointment. His appointment gives two places in the Cabinet to Chicago men, Secretary MacVeagh of the Treasury being also a resident of that city.

Retirement Ends Long Controversy

The retirement of Mr. Ballinger and the appointment of his successor brings to a close the most sensational incident thus far of the Taft administration; indeed, one of the most spectacular battles in recent political history. It began with a difference in conception of policy toward the treatment of public lands, especially the forest preserves, between Mr. Ballinger and Gifford Pinchot, then Chief Forester of the United States, whose bureau was a part of the Department of Agriculture. Mr. Pinchot's views of these matters had been more in accord with those of Mr. Ballinger's predecessor, James R. Garfield.

CONFEDERATE BOARD AP- POINTS JOHN L. GALT

Ardmore, Ok., March 7.—The Confederate Home Board met here today and appointed John L. Galt of this city as superintendent of the home. There were five applicants for the place. Galt is at present Police judge of this city and has held a number of important offices in the Confederate veterans' organization.

HAPPY RESULTS.

Have Made Many Ada Residents Enthusiastic.

No wonder scores of Ada citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Ada by Doan's Kidney Pills.

Adolph Ridel, S. Sixteenth St., Ada, Okla., says: "I suffered from kidney disease for a couple of years and Doan's Kidney Pills rid me of every symptom. Since using them I have been free from the dull ache through my loins and the sharp, shooting pains across my kidneys that had frequently caused me so much misery. I procured Doan's Kidney Pills at G. M. Ramsey's Drug Store and am always glad to give them my recommendation."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

In District Court.

The case of Roff school district against the Commerce Company was withdrawn from the jury and continued till next term of court upon the agreement that the plaintiffs would pay court costs and the expense of the defendants attorneys. These expenses to be paid within ten days.

The suit of Herbert Porter against Reuben Marlow et al, involving the title of some land purported to have been sold by Porter is in progress this afternoon.

C. W. EDSALL FOR CITY ASSESSOR

C. W. Edsall announces in this issue for the office of city assessor. A more extended notice will be given his candidacy in tomorrow's paper.

WORD FOR THE FRIVOLOUS

No Situation is Intolerable if One is
Able to See the Fun
in It.

"Our besetting sin is to be too serious and set too high a value upon sobriety," says Margaret E. Sangster in the Woman's Home Companion. "I hold a brief for pure fun. Laughter is wholesome; mirth does more good than medicine. Not merely when we are on a holiday, but in mid-current of the daily round we are the better for an interlude of amusement. The person who was born without a sense of humor is greatly to be pitied. No situation is intolerable if one can see the fun in it. When I hear or see condemnation of a girl's gaiety, I am forced to the conviction that the grave censor never had a girlhood worth the name or else was born under a baleful star. Immoderate giggling belongs to a transient phase and should not be reproved when children are in their early teens; rather it should be rejoiced in, and their elders look back in tender wistfulness on their own days of such thoughtless delight. Be as frivolous as you please, dear maiden and matron, in the summer days, and be assured that in its place frivolity is the sunshine that dances on the wave. Some of the most portentous people one meets, people solemn and severe, and given to frowning, are fools underneath their masks. Some of the lightest hearted, gayest and most winsome in their capacity for seeing fun and making it are among the great and wise. If one has no native sense of humor, one should endeavor by every legitimate means to acquire it. An evening spent at a play which from the first act to the last scintillates with jests and irresistibly provokes mirth is a boon to tired folk; so, too, is an hour with a novel in which the serious underlying purpose is illuminated by flashes of fun on a summer day or a winter afternoon."

Platonic Marriage.

Omitting sentimental pyrotechnics, and getting right down to practical, day in and day out, three meals and millinery existence, marriage is not an unselfish relationship, says Erman J. Ridgway in the Delineator. A man may protest, and he may believe, if he is very young and ardent, that he is "taking this woman" to work for and cherish, and make happy; but "way down among his instincts, if he troubles to look, he will find a conviction that this particular woman will make a good home for him, and honor him among his fellows; that she will cater to his patriarchal aspirations in providing a family; and that in her he will continue to find through the years sweet satisfaction for his soul and body hunger."

The conviction may be unconscious, but it is there. If when a lover woos his lady-love she were to answer: "Yes, I'll marry you, if you will agree to platonic marriage; no children, no love-making; rooms in a hotel; and an allowance," an old dodo might accept the terms, but any real man out of the wheel-chair stage would promptly take to his heels.

There are probably a few things which, if a woman knew she was going to miss them in the marriage relationship, would send her flying from it.

English Policeman Ever the Same.

The first thing one notices on going ashore for a few hours at Port Said, is an illustration of the methods of that British race, whose most notable and admirable characteristic is their ability in the governing of alien peoples. An English policeman, in the uniform of the khedive, protects me from the yelping boatmen, with the same imperturbable good humor with which I am so familiar in Piccadilly or the Strand. His countenance changes slightly under different circumstances. When he marches alongside the ten thousand suffragettes on their way to the Albert Hall he wears the amused expression, as of one who feels that he impersonates there and then an unanswerable reply to all their shrillness, both physical and vocal. When he conveys thousands from the East End to Hyde Park he is more serious, but here again he looks, in his steady, patient manhood, an answer, even to them. On the boat landing at Port Said he seems more bored, as of a man tired of brushing aside flies, but his behavior is ever the same.—Price Collier in Scribner's
